INTRODUCTION

I

WELCOME ADDRESS

Toye Moses, Executive Director
SECF Commission

The Southeast Community Facility Commission (SECF), a division of the Public Utilities Commission (PUC) welcomes you to use our fifth edition of the “San Francisco Southeast Sector Resource Director.” This directory is another way of informing the public of the resources and services available in the Bayview Hunters Point community.

The SECF is community-based/oriented with numerous programs (most programs are non-profit in status—making them affordable to the public). A wide range of assistance in the areas of employment opportunities, tax preparation, voter registration, and scholarship awards are also provided.

This being a City structure, the Sunshine Ordinance mandates that public notices are disseminated in time to allow residents an opportunity to attend functions here. Our facility is such that it is centrally located and easily accessible to the public. Outside agencies have utilized our facilities to hold events such as, training workshops/seminars, job/health fairs, election polls, graduation/award ceremonies, etc. Government agencies and Politicians have requested that town meetings be held at our facilities to acquaint the residents of current events; and in times of crisis, to inform the community.

If your business or organization is located in Bayview Hunters Point, please review your listing and inform us of any changes and/or suggestions. If your listing has been omitted, let us know. A page in the back is provided for your convenience. We hope this resource will be a helpful mechanism in linking the community with its services, and we look forward to serving you.

BACKGROUND HISTORY

The Southeast Community Facility (SECF) was established by the City as a mitigation measure in return for the Bayview Hunters Point (BVHP) community's acceptance of the Southeast Water Treatment Plant in the midst of their neighborhood. The operation of the SECF is intended to further the gainful employment of residents in the BVHP community; create opportunities for them to participate in educational programs; establish and expand opportunities for children's daycare; and provide information and resources for the enhancement and growth of the community as a whole.

The Southeast Community Facility Commission was established in 1987 by ordinance of the San Francisco Board of Supervisors. The members of the Commission are appointed and serve under the leadership of the Mayor. The purpose of the Commission is to review and provide guidance regarding the operations of the SECF and other facilities under its jurisdiction. Their goal is to promote and advocate special services for the improvement of the general economic, health, safety and welfare of residents in the southeastern sector of the City. The SECF Commission continues to maintain good relations with its residents, community groups, government officials and other neighborhoods in the City.

CHAPTER 67
SAN FRANCISCO SUNSHINE ORDINANCE

SEC. 67.1. FINDINGS AND PURPOSE. The Board of Supervisors finds and declares:

- (a) Government's duty is to serve the public, reaching its decisions in full view of the public.
- (b) Commissions, boards, councils and other agencies of the City and County exist to conduct the people's business. This ordinance will assure that their deliberations are conducted before the people and that City operations are open to the people's review.
- (c) Although that is the intent also of California's Ralph M. Brown Act and Public records Act, the people of California have learned from costly experience that every generation of governmental leaders includes officials who feel more comfortable conducting public business away from the scrutiny of those who elect and employ them. New civic issues and new governmental procedures also can erode the public's fundamental rights. Violations of open government principles occur at all levels, from local advisory boards to the highest reaches of the State hierarchy.
- (d) It is time for San Francisco to reaffirm the plain purpose of the State's open government laws and to apply their underlying principles to local circumstances. No law is self-enforcing. Continued vigilance is essential. As government evolves, so must the laws designed to assure that the process remains visible.
- (e) The people of San Francisco want an open society. They do not give their public servants the right to decide what they should know. The public's right to know is as fundamental as its right to vote. To act on truth, the people must be free to learn the truth.
- (f) The sun must shine on all the workings of government so the people may put their institutions right when they go wrong. San Francisco enacts this ordinance to assure that, in general intent as well as in administrative procedure, the people of this City remain in control of the government they created. (Added by Ord. 265-93, App. 8/18/93)

SEC. 67.7. AGENDA REQUIREMENTS; REGULAR MEETINGS.Know your rights under the Sunshine Ordinance. For more information on your rights under the Sunshine Ordinance or to report a violation of the ordinance, contact the Sunshine Ordinance Task Force.
